Hurricane Irma: Additional Crawford® adjusters for Caribbean

The worst of Hurricane Irma might be over but the clean-up is only just beginning in the U.S. and islands in the Caribbean. Many Caribbean islands have been virtually destroyed by Hurricane Irma with Saint Martin one of the worst affected areas.

Wide areas have been reduced to rubble with raw sewage creating a health hazard. Communication remains patchy but there is now some phone and internet function. The majority of power is from generators. Airports are not operating at normal capacity.

Our representatives in the Caribbean have been valiantly responding to claims across the affected islands but additional adjusters are now travelling to St Maarten and Anguilla from Europe to support our clients' risks in the area. They will focus on claims for the London and Dutch market.

Crawford Catastrophe Services™ is fully equipped to deal with all kinds of claims.

For assistance with Hurricane Irma, Harvey, or other catastrophic events, contact our 24-hour ClaimsAlert® call center at 1-877-346-0300.
